

## National Ride2School Day

### 10. Hands Up!

On National Ride2School Day your school will need to complete a [Hands Up! Survey](#).

We have found that the easiest way to collect your Hands Up! active travel data is:

1. *Copy the attached form and give it to each classroom teacher or student representative to record their class's Hands Up! results.*
2. *Ask them to return the completed forms to you.*
3. *Add up the data and copy the totals into your Hands Up! Homepage.*

If your school is NOT registered in the Ride2School Program and does not have a homepage registration is simple and quick at [www.ride2school.com.au](http://www.ride2school.com.au)

Registration provides your school with its own web page through which you can enter data, compare results and get ideas about ways to encourage more students to walk and ride more often. It also puts your school in the running to win fantastic prizes throughout the school year.

For schools who do not wish to register with the Ride2School program, you can still complete a Hands Up! Survey on National Ride2School Day. Use the form included below and follow these four simple steps:

1. *Copy this form and give it to each classroom teacher or student representative to record their class's Hands Up! results.*
2. *Ask them to return the completed forms to you.*
3. *Add up all the data and copy the totals onto a new form (remember to put your school name on the final form)*
4. *Fax your schools overall Hands Up! results to Ride2School on (03) 8636 8800*

**Remember you must send in your Hands Up! results for National Ride2School Day to be eligible for prizes on offer in your state.**

**Wednesday 17 March 2010**
